

Fall Frit Festival

Design courtesy of Slumpy's

This fun geometric design will get you in the holiday spirit!

Materials

8"x8" White sheet glass. (GBS-8-W03)
makes 2 projects, each 4"x8"
Carolina Frit in assorted colors and sizes.

Supplies

Scoring tool (ST352)
Running pliers (ST340)
Glue or Glass Tac (SP-8234)
Straw for frit application.
High temp wite (ST950 -17 gauge)
Hairspray

Instructions

1. Trace pattern onto white glass base with marker or sharpie
2. Now we begin painting with frit! Use glue or Glass Tac to give frit tackiness

3. Using a pointed straw scoop, apply colored frit to sky and ground sections one at a time with various blues, greens and amber colors until all sections are filled in background.

4. Fill trees with yellow and orange frit, then add red to bottom left area of each for shadows.

5. Go over lines with black frit.

6. Set with hairspray to keep frit in place during transport.

7. Full or contour fuse, as desired.
